Noah's Ark News

Happy Mother's Day

Hello Noah's Ark Families!

We're so excited about a couple things happening at The Ark. First, praise God!! We just purchased our new fence panels. We were able to purchase 42! The panels will be here May 2nd and go up within days of delivery. I'm so grateful for everyone who was able to pray for and/or donate towards this project. Also, for the volunteers who will be putting up the fence, thank you! I want to give a shout out to  of Vallejo, for working with Noah's Ark and helping to make it possible.

Second, as I mentioned in last month's article, we will be having our first Kindergarten Readiness Camp in the month of July. Space is limited and spots will go fast. So, be sure to sign up soon. This is geared for students who have not had any pre-school experience. Contact the school office for more information.

Third, in the fall 2012 we will have a transitional kindergarten, taught by Ms. Samantha, for those children who did not make the birthday cut-off of November 1st. Again, be sure to sign up and let others know because space is limited.

I want to take this time to say THANK YOU to all the Noah's Ark Families for allowing us to teach and care for your precious children. We value each one of you. It is a privilege to be a part of your child's life. May God bless you and your family.

Ms. Sheila

My oldest son, Josiah, is playing Little League for the first time this year as a 7 year old. I did not know how many Noah's Ark 4 and 5 year olds are playing Little League until many have come up and hugged me. This has been so much fun to see and talk to them on their way to their practices and games. It's also fun for me to interact with the Noah's Ark Alumni, (who are now as old as 11-12), that I knew from their time in Noah's Ark. You might consider signing your child up to play next year if you are not already part of the fun.

But the important thing for me is the relationships. There are so many things that are changeable for our children. In the midst of the upheaval of changing schools, etc, having relationships that go back years is extremely beneficial. We are proud at Noah's Ark that we even have generational relationships of parents enrolling their children at our school. Noah's Ark is a wonderful foundational place to build relationships for our children that may endure even to the time of their children enrolling at Noah's Ark.

As we approach the end of the year, be thinking how you can keep your relationships with Noah's Ark, the church, and our teachers active for your children. In addition to being here every Sunday for church, we have monthly family fun nights, our Pumpkin Patch in the fall and our Trike-4-Life American Cancer Society Fundraiser that you and your children can participate in this year and beyond. May God bless us and our relationships, that they might be a touchstone for our children for years to come.
